DEDICATION

Mr. Thomas Ingraham

The Class of 2000 would like to express our gratitude to Mr. Ingraham by dedicating the yearbook to him. He started out as our English teacher when we were freshmen; the next year he became our class advisor. As our advisor he gave his time, support, help, and advice to make our high school experience great. We will never forget what a great advisor and friend he has been for us. Thank you Mr. Ingraham!

Dr. Caroline M.C. White
Superintendent

Dear Graduates of the Class of 1999,

After having spent thirteen years in the Millis Public Schools, as most of you have done, you are now leaving a safe, supportive environment where each of you was a member of the Millis extended family. You are facing many exciting new challenges and opportunities.

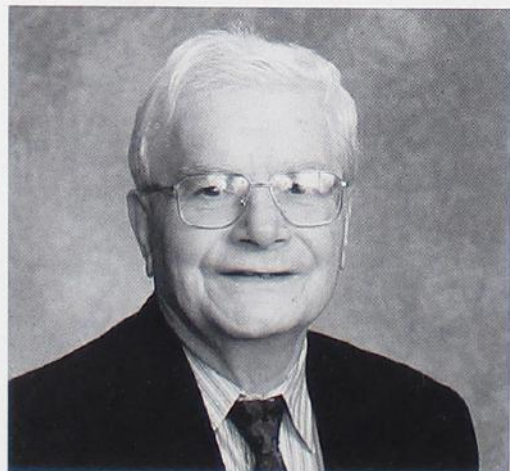

Many of you are pursuing further education. Some of you will be leaving home for the first time. Others of you are joining the work force. I am confident that the knowledge and skills that you acquired here will put you in an excellent position to succeed in each new endeavor. Be confident! Be self-assured! You have the abilities to succeed!

In facing the challenges ahead, reach for the "brass ring." Set goals. Do not be afraid to fail. You can be anything you want to be. Most individuals entering the work force in this era will change careers several times over their work careers. Follow your interests and passions. You will succeed.

Best wishes to each and every graduate. Know that we in the Millis Public Schools are very proud of you.

Sincerely yours,

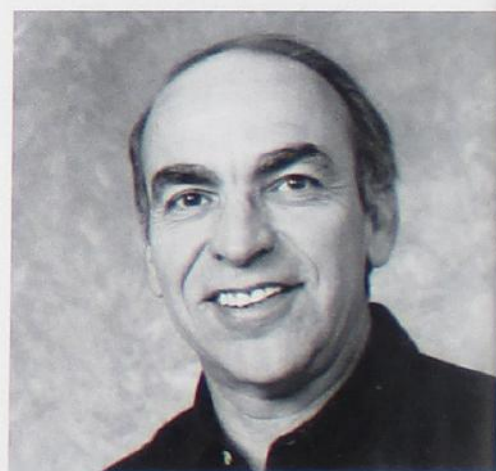

Caroline M. C. White, Ph. D.

You have been a wonderful class and it is apropos that you embark on the next journey at the start of this millennium. I wish each and every one of you great happiness and much success! I thank you for your many contributions to the Millis Public Schools. May you always continue to make a positive mark in all your future endeavors. Good luck to all; I know that you will do well!

A Fond Farewell

Mrs. Patricia Browne

As the senior class planned for their graduation Mrs. Browne planned for her own graduation of sorts — retirement from teaching. Mrs. Browne has taught Mathematics for the past 28 years at Millis High School. She taught many students the diverse concepts of mathematics in Algebra, Geometry, Algebra II, Math IV, Trig and Calculus. She will be missed greatly by both students and teachers. We wish her well in the future.

Mrs. Browne,

We would just like to thank you, and we hope we made your last year as memorable as you made ours. Your favorite AP Calculus will miss you greatly, but you did save the best for last!

— Lisa, Sara, Brian, Nick, Pam, Courtney, Dena, and Lindsay

"A teacher affects eternity; he never can tell where his influence stops."

— Henry Brooks Adams

Happy Retirement

Miss Joan Strathern

This June, the Millis Public Schools bid a fond farewell to Miss Strathern. Miss Strathern was the librarian in the High/Middle School for many years and more recently managed both the Clyde Brown and High/Middle School libraries. After 40 years Miss Strathern decided it was time for a little rest and relaxation, she will be greatly missed by the Millis Public Schools. We wish her well in her retirement.

It is the wine that inspires new creation and I am the Bacchus who presses out this wine for men, and makes them spiritually drunk. When they are sober they bring to shore all kinds of things which they caught. God is nearer to me than to others. I approach him, without fear, I have always known him. Neither am I anxious about my music, which no adverse fate can take over, and which will free him who understands it from the misery which afflicts others." — Ludwig Von Beethoven

The girls soccer team really stepped it up this year. We made the tournament for the first time in 10 years, and we ended with an outstanding record. The captains this year were Courtney, Sara, and Dena. The All-Stars were Cara, Caitlin, Courtney, Sara, and Dena. The team was composed of the 1995 Millis Strikers, the Division Champs. We knew we'd do it again, oh yes, we did "believe it" thanks to Coach Dan Magnarelli. The best of luck to next year's team!

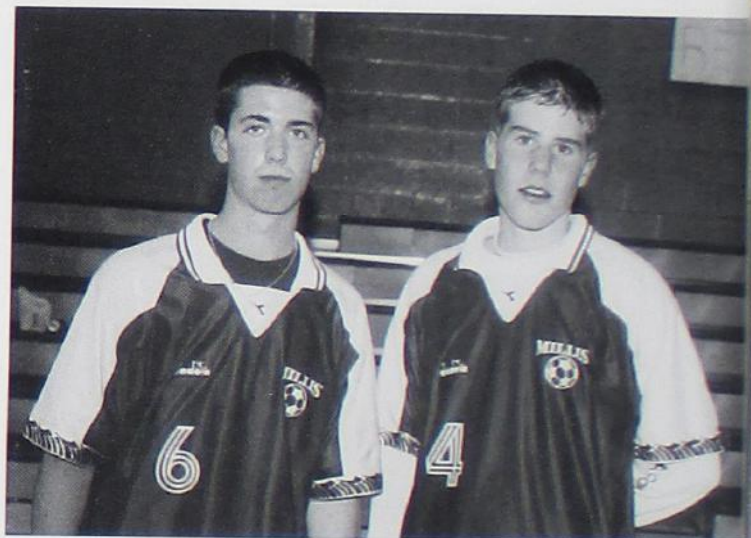

JV BACK ROW (l-r): Coach, L. Carter, J. Klocko, C. Hopper, M. Koch, M. Weaver, S. Babcock, E. Hogan, A. Burstyn, C. Simms, J. Ward, C. Vigue. **FRONT ROW:** K. Williams, K. Moran, B. Powell, V. Makkas, T. Shuker, T. O'Neil, L. Howley, S. Johnson, S. Kemp.

This years Soccer team had a difficult season. The team finished 4-12-1. The team was led by seniors Alex Luvisi, John Curley, Erik Richards, Mike Kelly and Co-Captains Brendan Simms and Matt Jackson. The team was young, having lost six starters from last years tournament team, making this year a rebuilding year. Highlights of the year were league All-Stars Brendan Simms and Matt Goudy.

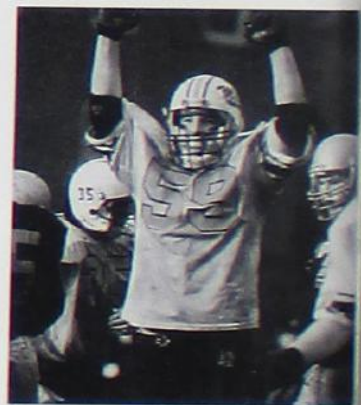

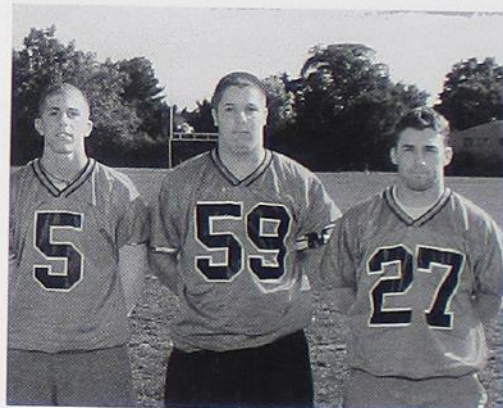

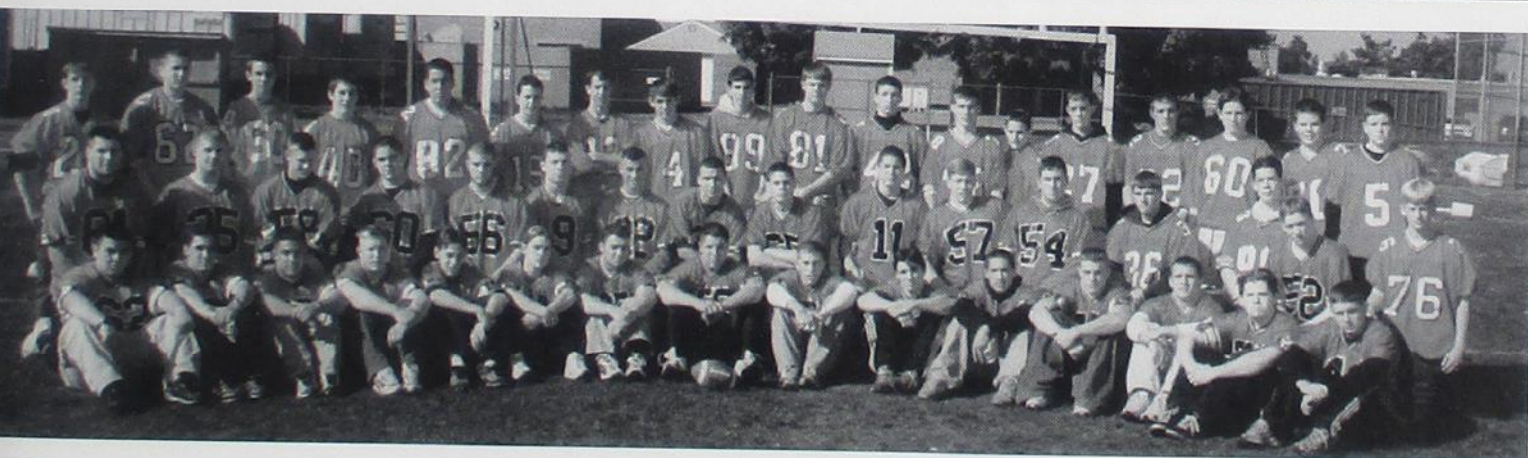

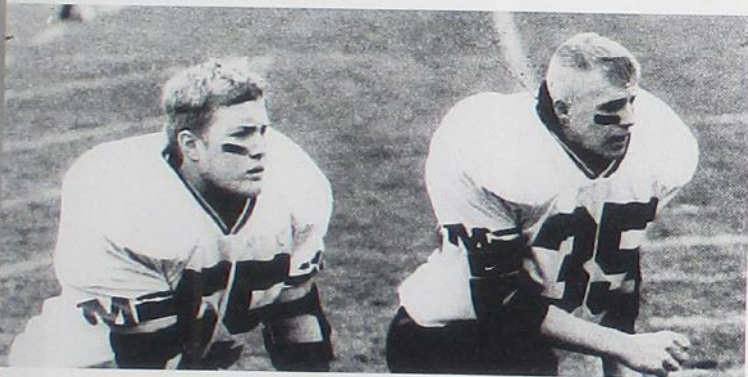

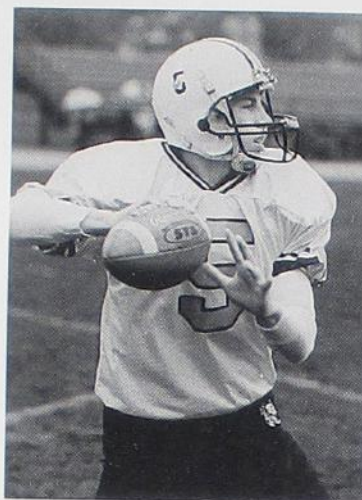

Football

This year's team has much to celebrate. They were the TVL Champions as well as the Division Superbowl Champions. There were so many highlights it is tough to list them all, there were many awards given as well. Brian Egy broke the school record for interceptions. There were eight All-Star nominations: TJ Ganusko, Brian Egy, Nick Calderone, James Pitner, Steve Ganusko, Mike Ray, Jeff Murphy, and Tim Ward. Nick Calderone was voted the Defensive Player of the Year and chosen to play in the Shriner's Football Classic Game. Brian and TJ were named MetroWest Daily News All-Stars. Nick, Brian, TJ, Steve, and Mark were named Milford News All-Stars. Highlights of the season were the games against Bellingham and Hopkinton as well as the Superbowl game. TJ and Steve Ganusko were named the Thanksgiving Day Players of the Game, while Steve was named the Player of the Game for the Superbowl. Nick, Brian, and TJ were also named Players of the Week at different times by the Boston Herald.

This had to have been one of the most amazing years of cheering for Millis. During the Football season, captains Katie and Sara will remember this year especially due to the Superbowl. After football season Katie left, so Carolyn and "Flippy" stepped up as captains along with Sara for Basketball season. This was another great season. We cheered on the tourney bound basketball team. We attended the league competition where we took 3rd in our league and 1st in our division. We also competed at regionals where our score qualified us for states, but we never went. This was an exciting and memorable year for the Mohawks and their Cheerleaders.

FRONT ROW: B. DeNapoli, B. Simms, B. Egy, E. Richards, T. Moran.

This years team ended their season with a 10-10 record. This was good enough to get them to the state tournament for the first time in 5 years. Unfortunately they lost to Blue Hills in a very close game in the first round. League All-Stars were: Brian Egy, Scott Chamberlain and Erik Richards as an Honorable Mention.

JV BACK ROW (l-r): S. Mulkerrin, A. Gangi, D. Anderson, B. Lannon, D. Brauningner, J. Carbeau, Coach Olson.

We had a good season this year, despite the fact that we don't have the record to show it. New coach, Kristen Hedrick took on this young team during a major rebuilding year. Seniors Sara and Janette captained the team which had only sophomores, freshmen. It was a rough year, but we see big things to come for this team.

The team had a good year, the third year of Mens' Volleyball in Millis. We started out pretty rough because we lost John Lorizio with a broken arm but ended with a 9-11 record, missing the tournament by 1 game. Our team was made up of 1 senior, 1 junior, 4 freshmen, and 2 seventh graders. We were a young team and did very well considering. Kyle and Dan did well with their jump serving. Matt was the outside hitter while Alex and Ralph did the middle blocking and middle hitting. Tom was the setter and Scott the back row hitter. Captains were Matt Jackson and Alex Boiardi. Matt was a first round All-Star and Tom Newman and Scott Maier were second round All-Stars.

Lindsay Perry
Valedictorian

Good evening Dr. White, Mrs. Kelly, school committee members, teachers, faculty, parents, family and friends.

Everything that I have thought to say so far, in writing this speech, has sounded very trite and over-used. I believe that maybe everything, that can be said to myself and my fellow graduates, is like this. This time in our lives is an incredible change. We are all being released from the watchful eyes of our parents and teachers into the world at large. We are going to say good-bye tonight to the people that have shaped and changed our lives for the past 18 years. Only a few of us have definite plans. Many of us will change our major and life goals several times. But we are going to make these changes and mistakes on our own. We are going to have to take our knowledge and experience and use it to make the decisions and choices that will change and shape the rest of our lives.

I once heard a saying that seems very appropriate now. A man said that we can only see what has happened in the past but we must live in the future. I hope and believe that the experience and knowledge that you have bestowed upon us will help us. So that the mistakes that we are bound to make will not make us regret them, but become proud that we have learned from these blunders and have moved on to become better people.

My mother has shown me an example of this. She never went to college when she graduated from high school. In fact, she says she didn't even devote herself to high school. But now looking back on this mistake she has tried to remedy this with my brother and me in herself. She went on to college later in her life and plans on attending more. She has tried very hard through her life to instill in us the fact that we must devote ourselves in life and in school because it does matter in the future. My brother and I do complain about how much she pesters us but I do not take what she says lightly. And I try to live up to her expectations. Her constant pursuit of making us work hard in our studies has also developed my own expectations of myself. And I always believe that I will hold education to be one of the highest priorities in my life.

I believe this should be true for all of us that are leaving school tonight. Although we are all finishing the first phase of our education, this should not be the end. No matter if we are going on to further education or not we must all continue in our lifelong pursuit of knowledge. I believe that the education that we have received here has helped me develop this desire to continue to pursue an education. I hope that it has also imparted the same in everyone else here. And I believe it has because nearly everyone is going on to further his or her education. The past is the best porthole into the future. We all must know what has happened in the past so that we may have insight into what may happen in the future. Education is the way to learn of the past, to learn of the current and to discover the future.

There are many clichés that can be told to my fellow graduates and to myself. I hope that many of them become reality. I hope that this is the beginning of our life on our own and that we will all start experiencing new and different things. I also hope that some of them are true because I don't want this juncture in our life to be the ending of all of the past events that have occurred here. They will always live in our minds and hopefully we will always have a home here with the people. We will all move on from here and go on to school or to a new career and discover our own lives. But I hope that we will keep the knowledge that we have learned here with us for the rest of our lives.

Thank you and good luck to all of my fellow graduates in whatever endeavors you pursue.

Betsy Vecchi
Salutatorian

Have the courage to go out and take a risk. Even if you end up failing, you will have tried. If you don't bother to try, you'll always regret not attempting to be an actor, or to run for public office. It is not necessary to go by the expectations of others. My brother went off to college planning to study environmental biology. Everybody expected him to follow through with those plans. Well, he's a music major and he's happy on the path that he has chosen. He's doing something that he really loves instead of something that just interests him a little bit. As far as I know, he has no regrets about his choice. You'll regret not trying because you'll never know if you could have fulfilled your dreams. If you live life vicariously you'll never feel the satisfaction of success. In the end you won't be able to look back at the wonderful things that you have accomplished because there won't be much to look back at.

A few years ago I traveled with a group from the school to Russia. For months before I left I had to listen to my grandmother telling me how I would come home in a coffin. She thought that I would either starve to death or be killed by terrorists. I brushed off her worries and embarked on an extraordinary journey. Not once did I fear that her predictions would come true. I made great friends and learned a lot about myself over there. I'm sure that I am not the only one who felt this way; we all gained a lot from the experience. Visiting Russia has helped to shape my outlook on life and the world around me. I realize that I'm lucky to have grown up in a small town, but I know that I have a lot of new things to explore. We all have to search for what the world is waiting to offer to us. Now is one of the best times to do that.

We are up here waiting to go out and really live our lives. I sincerely believe that every one of us will return in a few years with tales of the great things that we have learned and done. I hope that we take Gandhi's words to heart and never forget them.

Lastly, to my fellow members of the class of 2000, good luck in whatever life leads you to do. I hope that you are all happy with whatever path you choose to follow.

Superintendent White, Principal Kelly, School Committee Members, Faculty, Family, Friends, and Fellow Graduates:

I would like to begin by quoting Mahatma Gandhi. His advice, "Learn as if you were to live forever. Live as if you were to die tomorrow," should not be taken lightly by any of us sitting up here tonight.

Just because we are graduating and leaving Millis does not mean that our education is finished. We have only had an introduction of what is yet to come. Here we have learned a lot of things along with the expected reading, writing and arithmetic. We have learned the importance of having an opinion and respecting the ideas of others. We have also learned about the world inside and outside of the classrooms. Teachers have stretched our minds through discussions, field trips, and various outside projects. They have given us the resources necessary to continue past high school.

Whether we plan to go to college or not, our education will never be complete. We will continue to learn from the people that we associate with, the places that we travel to, and the mistakes and misjudgments that we inevitably will make. Some of these people and places might inspire us to do great things, such as run for president, save lives, climb Mount Everest, or even move to Iowa. Others will make us want to come running home to the comfort of Millis. I dare you to stick it out, because sometimes the most valuable lessons are the most difficult ones to learn.

Courtney McDonough
Class President

Good evening Dr. White; Mrs. Kelly; School Committee Members; Elementary, Middle, and High School Teachers; Parents, Friends; and Fellow Graduates.

Every Senior Class President boasts of a distinguished and exceptional group of graduating classmates. I am no exception. Tonight Millis High School celebrates the diversified talents and accomplishments of the Class of 2000. Throughout this journey many significant and positive influences have occurred. System wide, our buildings have been newly renovated; we have updated courses; our teachers remain committed; and technology is prominent. Along with these forces, our drive, spirit, and determination, has become enhanced. Since Kindergarten we have tackled new learning challenges attempting to discover who we are; where we are going; and how we are going to get there. Tonight we culminate this journey showcasing these accomplishments. Each and every member deserves recognition.

We celebrate the Academic excellence of: Lindsay Perry, Betsy Vecchi, Ramon Gonzales, Lisa Brown, and Steve Jardin.

Our talented musicians, who we must applaud: Janette Tocci, Kim Yered, Dom Ciampa, Gabriella Volante, Alex Luvisi, and Ted Maguire.

Our artists: Erin Clancy, Lauren Klocko, Will Reid, and John Curley, demonstrating originality in every created piece.

Our athletes: Brian Egy, Katie Bishop, TJ Ganusko, Dena Lampman, Nick Calderone, Sara Connolly, Erik Richards, Brendan Simms, Brian Santos, Matt Jackson, and Ronnie Pettis ... playing hard and bringing honor to the field and court.

Our comedians: Sarah Mogan, Brandon Ronca, Megan Griffin, Chris Coleman, Mike Kelly, and Emily Michel always finding humor in any situation.

Our sensible, likable, and very easy to talk to classmates: Alexandra Malouf, Michelle Sennett, Michelle Rich, Patti Cascanet, Elizabeth Edison, Danielle Fucci, Phil Quinn, Stephanie Olstead, Da Luca, Tammi Cabana, Nick Kane, and Nichole Duchaney.

Our classmates with distinctive personalities adding style to the class: Danny Magnarelli, Thea Koufopoulos, Jack Margolis, and Amanda Geyer.

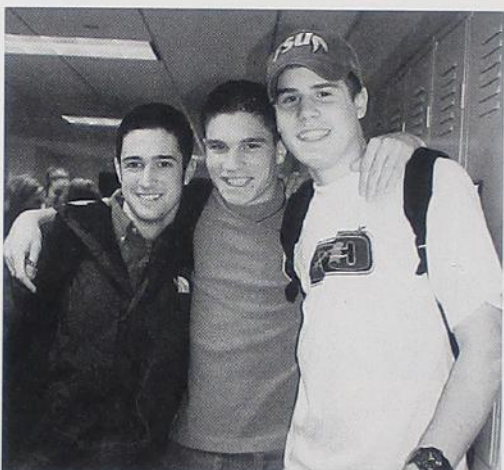

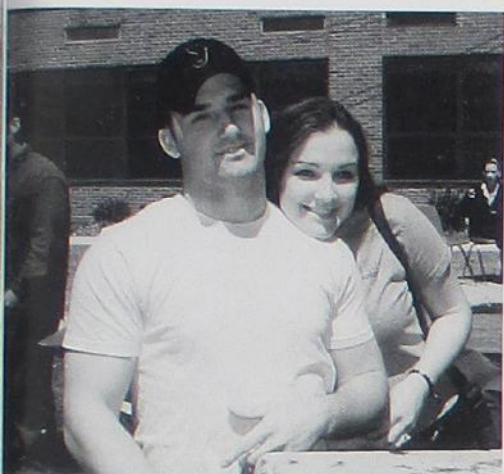

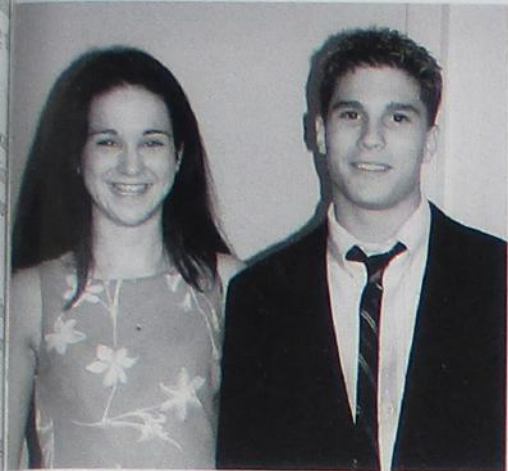

Our quiet students — Vannesa Grose, Mark Neidbala, Nick Gan, Brian DeNapoli, and Jen Kelly — never clamoring for attention.

Our most consistent classmate would have to be Pamela Gent who has never been absent in her 13 years of schooling.

Last, but not least: the newcomers. While Alisha Dunnebier, Crystal Meehan, Jessica Vail, Carolyn Ridge, and Stephanie Jennings have not been with us through the whole journey they have contributed the pride and spirit of our class.

The Class of 2000 should be remembered for its diversified talents, personalities, and accomplishments. These are the elements which helped us complete the journey and arrive here tonight.

Keep the drive, continue the search; and work to your potential. Good luck to all of you.

Cherish the past.

Embrace the future!

Love,
Mom, Dad, Tara
& Ryan

**USE OF TOBACCO

SCHOOL GROUNDS
AT ANY TIME**

It's illegal to smoke at any Massachusetts school. Even outside. Even at games. Even at dances. Even for parents. Even for anyone. Anywhere. And soon there'll be signs reminding everybody of that. A pain? Maybe. But it's a law everyone should be able to live with.

What if you were part of a smoke-free generation?

Congratulations!
